LED night lamp with motion sensor, rechargeable, self-adhesive, 3000/6000K

Marka: **Virone** | Symbol: **LA-9** | Ean: **5908254840289**

PRODUCT DESCRIPTION

The flat round LED night light with motion sensor is a modern and functional addition to any interior. Its compact shape allows it to be mounted on a variety of surfaces, so that it can be placed in the most convenient location.

The device has LEDs with two light modes: 3000K, which emits a very pleasant and warm light to create a nice atmosphere in the room, and 6000K, which is a cool light suitable for work or precise activities.

ORNO GROUP Sp. z o. o. All rights reserved.

The motion sensor, on the other hand, monitors movement in the room and turns the light on when we need it. As a result, the light will automatically illuminate when you enter the room, and will turn off again after 20 seconds of stillness.

This type of night light is very energy efficient and functional. It is available in white, micro USB cable included.

TECHNICAL DATA

General information:

Lamp type:	LED SMD
Suitable for lamp power:	0,5W
Rated luminous flux according to IEC 62722-2-1:	15lm
With light source:	tak
Colour temperature:	3000K/6000K
Max. power:	0,5W
Rated life time L70/B50 at 25 °C:	40000h
Colour rendering index CRI:	>80
:	Tak
Colour of light:	Ciepła/zimna
Power factor:	0.9
Degree of protection (IP):	IP40
Impact strength:	IK3
Suitable for wall mounting:	tak
Suitable for suspended mounting:	nie
Suitable for ceiling mounting:	tak
Suitable for built-in mounting:	nie
Suitable for surface mounting:	tak
Material housing:	Tworzywo sztuczne
Colour housing:	Biały
With movement sensor:	tak

ORNO GROUP Sp. z o. o. All rights reserved.

With light sensor:	tak
Sensor type:	PIR
Detection range:	2-3m
Adjustable daylight sensor :	10lux
Height/depth:	21
Outer diameter:	78
