2-conductor lighting connector, 100 pcs.

Marka: **Orno** | Symbol: **OR-SZ-8015/100** | Ean: **5908254820816**

PRODUCT DESCRIPTION

2-conductor lighting connector is a perfect way to connect rigid and stranded wires. You will save a lot of time and effort thanks to the quick and direct connection. All you need to do is insert the wires and press the fitting together. Thanks to a special testing hole, you can quickly and easily check if the wires are live after connection. Thanks to the connector, you will gain safety thanks to the use of a reliable clamping technique adapted to different types of wires. This will eliminate the need to use tools, which is a significant advantage, especially when installation takes place in hard-to-reach places. Typical areas of application - connection of

rigid and stranded conductors, e.g. lighting fittings. The set includes 100 pieces

TECHNICAL DATA

General information:

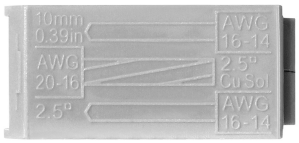

Nominal voltage:	400
Wire cross-section:	2,5 mm²
Number of wires:	2
Current:	24 A
Number of items in a collective packaging:	100 pcs
Colour:	grey
Installation:	Push-in splicing/ Clamp splicing
Dimensions - depth:	20 mm
Dimensions - width:	12 mm
Dimensions - height:	15 mm
Other features:	firm grip
Material housing:	PA
