Connection cable, EURO plug 2P, 2x0.75mm2, 1.9m, black

Marka: **Orno** | Symbol: **OR-AE-13286/B/1,9M** | Ean: **5908254841712**

PRODUCT DESCRIPTION

2-wire black connection cable with EURO plug with a maximum power of 500W and a voltage of 230V. The cable allows the connection of electrical appliances or extension sockets.

It provides standard mechanical and chemical resistance thanks to standardised materials that meet European standards.

ORNO GROUP Sp. z o. o. All rights reserved.

The IP20 protection level allows the cable to be used indoors, such as in the home, garage or workshop.

Cable type: H03VV-F with a cross section of 2x 0.75mm2.

The cable length is 1.9m.

TECHNICAL DATA

General information:

Connection 1:	Inne
Connection 2:	Końcówka tulejkowa
Number of cores:	2
Nominal cross section conductor [mm▯]:	0.75
Length [m]:	1.9
Material outer sheath:	Polichlorek winylu (PVC)
Nominal current [A]:	2.5
Nominal voltage [V]:	230
Frequency [Hz]:	50
Power [W]:	500
Colour outer sheath:	Biały
With protective conductor:	Nie
Degree of protection (IP):	20
Plug-in type:	Euro
Grounding:	Nie
Oil resistant according to EN 60811-404:	Nie
